

Product Specification

Capacity	10000mAh / 3.7V 37Wh (Rated capacity approx. 5800mAh)
Output Power	Max 22.5W Fast Charging (supports QC/PD)
Output Ports	Typically 1x USB-C (20W-22.5W) and 1-2x USB-A (22.5W)
Input Ports	USB-C and/or Micro USB (usually 18W fast charge input)
Display	LED digital display for real-time battery percentage
Safety Features	Overcharge, over-discharge, overheating, and short-circuit protection.
Dimensions/Weight	Approximately 142 x 67.3 x 16.29mm and 230g
Material	ABS + PC fireproof materials.
