

Product Specification

25W PD Fast Charging

USB-C PD output at 5V/3A, 9V/2.77A, 12V/2.08A charges iPhones, Samsungs, and tablets up to 4x faster than standard chargers.

QC 3.0 Compatibility

Supports Quick Charge 3.0, Samsung AFC, FCP for older Android phones and accessories with 18W speeds.

Smart Charge Protection

Built-in chip prevents overcharge, overheating, and short circuits, ensuring safe use for all devices.

Universal Compatibility

Works with iPhone 15/14, Galaxy S23, iPads, and earbuds; multi-protocol for broad support.

Compact Fireproof Build

PC fireproof material, small size, EU plug (adaptable); lightweight for bags or desks.
