

Product Specification

Battery Capacity	10000mAh (Lithium-Polymer)
Maximum Power	22.5W
Fast Charging Protocols	Quick Charge 3.0, Power Delivery (PD)
Input Interface	1 × USB-C
Output Interfaces	1 × USB-A, 1 × USB-C
Protection Features	Smart IC chip for over-heat, over-voltage, and short-circuit protection
Display	Digital LED indicator for battery percentage
Dimensions & Weight	~14 × 7 × 1.5 cm and 170g Material: ABS + PC plastic
